Typographic Logo by me. Coding by
me.
Song by Evilgiane and Eera.

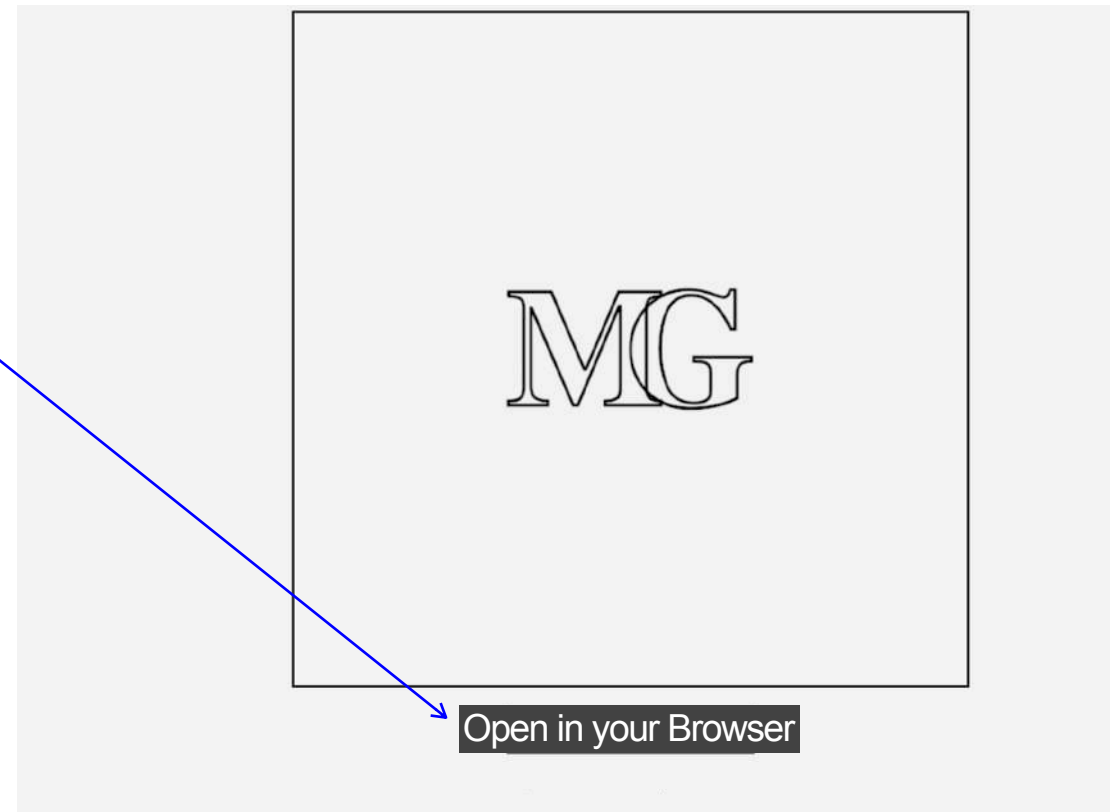

Creative Coding

Generators
Three.js

Logo Font Generator

Randomly generated logos based on letterforms using different line styles, spacing and size. The generator builds the letters 'M' and 'G' (or 'mg') out of a wide range of web fonts and google fonts.

Try urself

Creative Coding

Generators
Three.js

Pattern Generator

This project is a custom pattern generator that creates unique, randomly generated patterns using harmonious colors, stripes, and diagonal hatching. The patterns are drawn on an HTML5 canvas and offer a variety of variations with each click of the "Generate New Pattern" button.
